RE: Potential Reinstatement of TEP's Historic Line Extension Tariff
Docket Nos.: E-01933A-07-0402, E-01933A-05-0650, and E-00000J-10-0044

Dear Chairman Pierce:

Thank you for the opportunity to comment on the possible Commission action related to restoring TEP's line extension policies. As it stands, the costs associated with TEP's line extension policies (in some cases the equivalent of \$30,000 per new home) make it nearly impossible to start new projects. Changing these policies would substantially improve our ability to bring new communities online and at the same time create jobs and generate tax revenue in the region.

We ask the Commission to act quickly to adopt the proposed changes to the TEP line extension policies.

Sincerely,

William Viner
Chief Executive Officer
Pepper Viner Homes
